Our desert camp experience combines a comfortable Swiss-tent stay with classic Thar highlights, local hospitality and beautiful desert surroundings.

02	Jeep Desert Safari Explore desert tracks, open landscapes and dunes by 4×4 jeep.
03	Camel Safari Experience a traditional camel ride across the golden desert.
04	Sunset & High Tea Enjoy tea and snacks while the desert changes colour at golden hour.
05	Rajasthani Culture Local folk music, dance and warm desert hospitality.
06	Dinner & Breakfast Taste traditional Rajasthani flavours in a relaxed setting.
07	Night Under the Sky Unwind after the evening programme and wake to a peaceful desert morning.

Ideal for: couples, families, first-time desert visitors and travellers looking for comfort with authentic desert activities.

02 • NON-TOURISTIC DESERT NIGHT

A quieter side of the Thar.

Leave the busy tourist route behind and travel with a local Desert Scout into quieter desert landscapes. This experience is simple, personal and built around the natural rhythm of the Thar.

01	Pickup from Jaisalmer — Meet your local Desert Scout and leave Jaisalmer for the desert.
02	Kuldhara Village — Visit the historic abandoned village and discover its history, legends and atmosphere.
03	Desert Road — Continue through open landscapes towards quieter, lesser-visited areas.
04	Camel Ride — Ride a traditional camel through the desert and watch the landscape change around you.
05	Hidden Dunes & Sunset — Reach peaceful dunes away from busy tourist spots. Walk, photograph and watch the sunset.
06	High Tea & Snacks — Enjoy hot tea and light snacks while the desert turns golden.
07	Learn Local Dinner — Take part in preparing a simple traditional desert dinner with your local host.
08	Stargazing — Enjoy the open night sky away from bright city and camp lights.
09	Sleep Under the Stars — Sleep outdoors on bedding beneath the open sky — a true nature-based desert night.
10	Sunrise, Breakfast & Return — Wake with the sunrise, enjoy breakfast and travel back to Jaisalmer.

Important: The open-desert night is a basic, nature-based experience and does not have bathroom facilities. Choose it only if you are comfortable with simple outdoor conditions.

03 • THE HIDDEN DUNES

Where the desert feels truly yours.

Beyond the familiar tourist dunes are quieter stretches of the Thar where the horizon feels endless. Wind shapes the sand, camel tracks cross the slopes, and evening light turns the desert from gold to deep amber.

The exact route can change with weather, road and local desert conditions. That flexibility is part of the experience: we look for peaceful landscapes rather than simply following a fixed tourist circuit.

At sunset, there is time to walk, photograph, sit quietly or simply listen to the desert. After dark, the open sky becomes the centre of the experience.

HIGH TEA • LOCAL DINNER • STARGAZING • OPEN-SKY SLEEP

A desert experience is not only about seeing the dunes. It is about slowing down enough to feel them.
